

Brevard Family Partnership - Community Café - August 30, 2012

<p>What do you believe are the greatest strengths or accomplishments of the current, community-based system of care?</p>	<p>If you could do one thing to improve the system of care even more, or for children, youth, and families what would it be?</p>
<p>1. CARES- keeping children in-home 2. Customizing Services. 3. Turnover rate. 4. Caseworkers more prepared/aware of their cases 5. Mobile response 6. Placements available for children 7. Evidence based practices 8. Normalcy</p>	<p>1. More family support workers (helping to reduce DCM turnover) 2. Better and more substance abuse intervention 3. Co-location 4. More employment assistance 5. increase community awareness of our services 6. Partner with local colleges for daycare 7. Establish inter-generational support</p>
<p>1. Place/keep kids in Brevard County 2. Keeping caseworkers 3. Calm and Focused on what is best for kids after chaos (pre-transition) 4. Focus on wrap around and involving families- very invested in families 5. Prevention/CARES 6. Caseworker keeps case throughout the life of the case 7. Individualize caseplans to what family needs</p>	<p>1. Co-location with CPI 2. Visitation program 3. IL transition placement before moving on own into apartment/on their own 4. Universal wraparound training for providers and case management because of new hires 5. Identifying transitional resources for IL youth that need connections for holiday breaks from school</p>
<p>1. FTC's include children/youth utilization review of servies effectiveness 2. Community collaboration and multiple partners indecision making 3. Better access to service provider, provider network is larger 4. Achieving permanency continue to send for foster homes 5. APPLA staffings continue to search for individuals to achieve perm. 6. Staff retention aids with new worker transition to job 7. Family finders 8. Foster care guidance counselors participating in FTC, help set recons, assistance for IL kids</p>	<p>1. Time in court decreased 2. Specific training for use of FTCIS in dependency cases, including challenges that come with judicial cases with a voluntary participation philosophy 3. Training module or video for caregivers at process 4. Visitation program with transportation 5. FSFN: multiple chrono types, more flexibility in inputing tasks for c.p. text boxes, documents don't save properly/ info doesnt show up 6. Would like parents held equally accountable for case progress - their action/inaction 7. While many FP's do a great job, Efforts need to continue to encourage all FPs to participate in all activities of the child 8. Co-location</p>
<p>1. Placements- timely and in county 2. FTC model- coordination of support services 3. Teamwork-units 4. UR staff on site to access/authorize services 5. Family finders positions 6. Technology- Laptops/cells 7. BHA-brevard health alliance 8. Fast-track GED program</p>	<p>1. More visitation support for CMAs and increase in FP facilitation/support of visits 2. Continue to push front-end services to prevent out-of-home care 3. More efficient technology (iPads) 4. Master trust process 5. Finding resources for teens who are not in licensed out-of-home care</p>
<p>1. Kids placed at appropriate level of care 2. Flexibility 3. Use of local resources 4. Evidence based 5. Individualized 6. Quicker services/more reponsive 7. prevention efforts</p>	<p>1. Offer transitional housing opportunities for those aging out 2. Improve communication between FTC, better participation at FTC, and better notification of staffings 3. Realistic normalcy plans 4. Provide target use management to kids aging out 5. Prescription drug abuse intervention 6. Coordinated/space to store donations for kids aging out</p>
<p>1. Prevention and early intervention 2. Smaller case loads 3. Individualized services- not "cookie cutter" 4. Permanancy goals being met faster 5. Effective implementation of services (UR Specialist) 6. Wraparound (FTC's) 7. Partnerships with DCMs, GALs and other providers 8. Continuity of Care</p>	<p>1. Simplify and Reduce Paperwork 2. Supervised visitation center/provider 3. FTC Careplan integrated into the case plan 4. Effective communication - "more personal" notemail</p>
